# Results

- 7 WUP established (350 pers)
- 7 local program of measures
- Excursions, river side walks, school activities, campaigns (8 000 pers)
- 13 concrete pilot measures  
Multipurpose wetlands, circular system small scale WWT, storm water design and construction, package of well anchored concrete actions in farming land etc.
- ERB potential/conclusions/recommend.

Manure management

Stormwater treatment

Green roofs

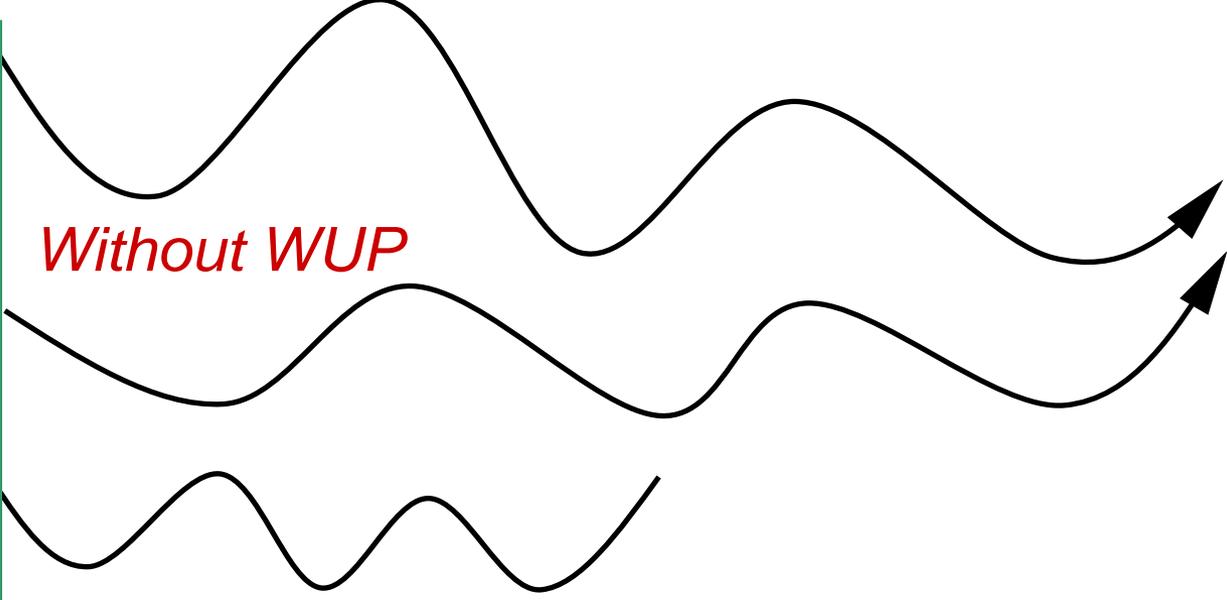

Wetlands

WWTP for single houses

Buffert zones

Forestry

Concrete measures

Implementation

Implementation

# Water Nets

Objective: Faster implementation

Activities:

- WUPs - develop, establish new, support (tools and methods), define their role within the water administration
- Concrete measures
- Cross sectorial co-operation, different levels
- Research, evaluation, follow up

# WaterNets

Mainstreaming modern and eco-adapted solutions.

Mobilisation!

# WUPs

- **Cross-sectorial** contacts
- **Stakeholders**
- **Voluntary** agreements
- Concrete **actions**
- Long term **durability**
- Mutual assistance, understanding and **knowledge**
- **Forum** for debate and political commitment
- **Exchange** of experiences
